

MARS PORTAL

Welcome to the network services powered by mars Portal.

Everybody gets connected - But please play fair!

The Internet access is a limited resource and we must ensure a functional network.

Therefore there might be times when the Internet access is restricted or not available due to excessive use or technical outages. If necessary, the IT team might restrict or disconnected single users/computers from the network. For further information please refer to the [Acceptable Use Policy](#).

Thanks for your understanding, *the IT team*.

To connect to the network please register your computer once.

Provide details to self-register:
